FINDING BY THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO THAT ORDINANCE NO. 16-82, RELATING TO THE STORAGE OF FLAMMABLE FUEL IN FUEL TANKS OF MOTOR VEHICLES IN DISPLAY AREAS BY AMENDING CHAPTER I, PART II, SAN FRANCISCO MUNICIPAL CODE (BUILDING CODE), SECTION 1101.A IS REASONABLY NECESSARY IN ORDER TO PERMIT VEHICLES CONTAINING COMBUSTION ENGINES OR OTHER FLAMMABLE FUELED ENGINES IN DESIGNATED SHOW PLACE AREAS UNDER CONTROLLED REQUIREMENTS BECAUSE OF LOCAL CONDITIONS.

WHEREAS, The Board of Supervisors of the City and County of San Francisco has adopted Ordinance No. 16-82 to permit vehicles containing combustion engines or other flammable fueled engines in designated show place or display areas under controlled requirements in order to insure the optimum protection and safety of the building and building occupants. The San Francisco Fire Department has requested for a similar code change in the San Francisco Fire Code.. This code change is required in order to allow reasonable means by which vehicles for displays or shows may be placed and removed from designated show place or display areas of convention buildings. Without this code change, convention facilities in San Francisco may not legally have vehicle shows, boat shows, farm equipment shows and similar type shows unless the vehicles are towed in and out. The inconvenience and added time and expense of this procedure will be key factors on whether or not the displayer elects to use the convention facilities in San Francisco; now therefore be it;

RESOLVED, That the Board of Supervisors finds and determines that the Ordinance is reasonably necessary because of local conditions expressly found herein; and be it;

FURTHER RESOLVED, That the Clerk of the Board of Supervisors is hereby directed to transmit this Resolution, together with Ordinance No. 16-82, to the California Department of Housing and Community Development for filing pursuant to the applicable provisions of law.

WHEREAS, the Public Utilities Commission has studied the problem of funding shortages for the operation of the Municipal Railway; and

WHEREAS, the Public Utilities Commission has considered the alternatives of reducing services in the downtown area to that level of service provided generally throughout the community or of continuing the special level of services to the downtown area by funding that special level of services through a special benefit Core Area Transit Maintenance District in the downtown area; and

WHEREAS, The Public Utilities Commission has concluded that reducing services to the downtown area would threaten the continued effectiveness of that area as a business center to the detriment of properties in the area; and

WHEREAS, the Public Utilities Commission has recommended that this Board initiate proceedings to fund the special level of services to the downtown area through a special benefit assessment; and

WHEREAS, the Board finds that the alternative of reducing service to the downtown area would threaten the continued effectiveness of that area as a business center to the detriment of properties in the area;

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the City and County of San Francisco, California, as follows:

1. In the opinion of this Board, the public interest and convenience require, and it is the intention of said Board, to order the formation of a transit maintenance district pursuant to Subdivisions 4, 5 and 6, Subarticle V, Article 6.1, Part II,

Chapter X of the San Francisco Municipal Code (M.C.) and Chapter 26, Part 3, Division 7 (commencing at Section 5820) of the Streets and Highways Code of the State of California (S&H). Such district is proposed to be formed in a portion of said City to be designated "Core Area Transit Maintenance District", by which name it shall hereafter be referred to in all subsequent proceedings, including proceedings for the levy and collection of assessments.

2. Said transit maintenance district, and the boundaries thereof, benefited and to be assessed for the maintenance and operations of the facilities hereinafter referred to, are situated in the City and County of San Francisco, State of California, and are generally described in Exhibit "A" hereto attached and by reference incorporated herein, and the exterior boundaries of which district are the composite and consolidated area more particularly shown on a map thereof on file in the office of the Clerk of this Board, to which reference is hereby made for further particulars. Said map indicates by a boundary line the extent of the territory included in the proposed district and shall govern for all details as to the extent of the assessment district.

3. It is hereby determined that a portion of public transit is and will be provided and maintained within said district in lieu of and in substitution for otherwise needed public parking places.

4. It is further determined and ordered that a portion of the costs of capital replacement, maintenance and operation of public transit facilities now existing or hereafter to be provided in or for said transit maintenance district, including the cost of necessary repairs, replacements, fuel, power, electric current, care, management, supervision, and for any and all other items necessary for the proper maintenance and operation thereof, are necessary to provide full utilization of the lands, are of benefit to said transit maintenance district, but not to the City and County of San Francisco as a whole, and shall be assessed upon the real property lying within said transit maintenance district above described, which district this Board hereby preliminarily determines will be the district benefited by the maintenance and operation of said facilities.

5. It is preliminarily found and determined that the portion of costs of public transit benefiting the lands within the district and the formulae for the apportioning of the annual amount among the benefitted lands is as set forth in Exhibit "B" hereto attached and by reference incorporated herein.

6. This Board does hereby preliminarily approve the boundaries of the district, as set forth in Exhibit "A", and the method of apportionment and nature and formulae, including any credits to be used to determine the amounts to be raised each year from the lands in the district, as set forth in Exhibit "B". Such amounts, when collected, shall be paid into the City and County Treasury to the credit of the fund of the maintenance district and be used for the payment of the expenses of such district, including the reimbursement of any funds or costs advanced.

WHEREAS, The Public Utilities Commission of the City and County of San Francisco on January 26, 1982, adopted Resolution No. 82-0024revising the existing Municipal Railway fare schedule for cable cars; and

WHEREAS, In accordance with Section 2.25 of the Administrative code, said Public Utilities Commission has submitted to this Board, in support of said schedules, all of its data upon which said rates are based and a report of the anticipated effect of said schedules upon the budget of the Municipal Railway for the current 1981-82 fiscal year and the ensuing 1982-83 fiscal year; now therefore, be it

FILE NO. 425-81-1 RESOLUTION NO. 78-82

FINDING BY THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO THAT THE PROPOSED ORDINANCE RELATING TO RESIDENTIAL ENERGY CONSERVATION REQUIREMENTS IS REASONABLY NECESSARY TO REDUCE ENERGY CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO BECAUSE OF LOCAL CONDITIONS.

WHEREAS, It is the policy of this State, as stated in Section 25007 of the Public Resources Code "to employ a range of measures to reduce wasteful, uneconomical, and unnecessary uses of energy, thereby reducing the rate of growth of energy consumption, prudently conserve energy resources and assure statewide environmental, public safety, and land use goals"; and

WHEREAS, Pursuant to the authority granted them by Section 25402 of the Public Resources Code, the State Energy Resources Conservation and Development Commission adopted energy conservation standards for new residential buildings, as provided in the State Building Standards Code which requires certain energy conservation measures to be contained in all residential buildings built in or after 1978, in order to conserve energy, reduce energy costs and provide affordable housing; and

WHEREAS, The Board of Supervisors finds and determines that less than five percent (5%) of the residential housing stock in San Francisco has been built since 1978 and that new residential housing is being built at a rate of less than one percent (1%) per year; and

WHEREAS, The policy of the City and County of San Francisco has been, and probably will continue to be, to encourage the rehabilitation of existing housing rather than the destruction of old housing and its replacement by new housing; and

/ / /

/ / /

WHEREAS, The Board of Supervisors of the City and County of San Francisco finds and determines that rental housing comprises approximately two-thirds of all housing in San Franciso and that renters, as a whole, are the least able to afford, and are the most adversely affected by, increasing energy costs; and

WHEREAS, The Board of Supervisors of the City and County of San Francisco finds and determines that conservation of energy resources is vital to the health, safety and public welfare of the people of San Francisco; and

WHEREAS, The Board of Supervisors finds and determines that, because of the aforementioned special conditions, application of energy conservation measures solely to residential buildings built in or after 1978 results in minimal energy savings in San Francisco and that appreciable energy savings will result from retrofitting residential buildings built before 1978; and

WHEREAS, The Board of Supervisors proposes to adopt an ordinance amending the San Francisco Municipal Code to require all residential buildings, excluding tourist hotels and mobile homes, to contain certain energy conservation measures at the time of resale, complete inspection, major addition, metering conversion or residential condominium conversion of residential buildings; now, therefore, be it

RESOLVED, That the Board of Supervisors finds that the adoption of the proposed amendments to the San Francisco Municipal Code relating to residential energy conservation are reasonably necessary to reduce energy consumption in the City and County of San Francisco because of local conditions; and be it

[Recycling Initiative]

~~RESOLUTION OF THE BOARD OF SUPERVISORS OF THE CITY AND COUNTY OF SAN FRANCISCO~~ ENDORSING THE BEVERAGE CONTAINER REUSE AND RECYCLING ACT INITIATIVE MEASURE.

WHEREAS, more than 40,000,000 disposable soft drink and malt beverage containers are circulated in the City and County of San Francisco each year, a significant number of which end up as litter and/or solid waste to the landfill; and

WHEREAS, the recycling and reuse of such containers is feasible and would result in a measurable conservation of energy and resources, a significant reduction in litter, and a decrease in the quantity of solid waste processed for landfill; and

WHEREAS, the soft drink and malt beverage industries have the facilities and capabilities to process refillable containers; and

WHEREAS, in recent years the number of different sizes and shapes of beverage containers has increased, and if left uncontrolled this will compound the problem of disposable beverage containers in this City and County; and

WHEREAS, the soft drink and malt beverage industry has failed to take adequate measures to insure the recycling and reuse of beverage containers and to standardize container sizes and shapes; and

WHEREAS, the States of Connecticut, Delaware, Iowa, Maine, Michigan, Oregon, and Vermont have already enacted "bottle bill" legislation to require every beverage container to have a refund value; and

WHEREAS, a campaign has now been launched by Californians Against Waste to qualify for the ~~June~~ November 1982 ballot an initiative measure which would enact a comparable law in this State known as the Beverage Container Reuse and Recycling Act; and

WHEREAS, such a law would establish uniform practice with respect to beverage container deposits and refunds throughout California; therefore, be it

RESOLVED that the Board of Supervisors of the City and County of San Francisco endorses the initiative measure and urges all San Franciscans to sign petitions to qualify the initiative for the June 1982 ballot.

(Public Transportation)

APPROVING A REVISED FARE SCHEDULE FOR THE SAN FRANCISCO MUNICIPAL RAILWAY

WHEREAS, The Public Utilities Commission of the City and County of San Francisco adopted Resolution No. 82-0044 on February 2, 1982 approving a revised fare schedule for the Municipal Railway, which is quoted as follows:

"WHEREAS, It is the policy of the Public Utilities Commission to maintain transit service at the current level in the City and County of San Francisco; and

"WHEREAS, To maintain the current service level, it is anticipated that the operating costs of the Municipal Railway will be $158.4 million in 1982-83 and $178.0 million in 1983-84; and

"WHEREAS, Anticipated operating revenues from currently available funding including fares at the current rates, exclusive of the General Fund of the City and County of San Francisco, are estimated to be $65.6 million in 1982-83 and $63.2 million in 1983-84; and

"WHEREAS, The difference between the estimated operating expenses and revenues implies that the local fund requirement will be $92.8 million in 1982-83 and $114.8 million in 1983-84; and

"WHEREAS, $12.3 million in 1982-83 and $13.4 million in 1983-84 are potentially available in AB 1107 funds from MTC to partially offset this local fund requirement; and

"WHEREAS, To qualify for these AB 1107 funds, farebox revenues must be increased to at least $52.3 million in 1982-83 and $58.8 million in 1983-84, which will require a revision to the fare schedule; and

"WHEREAS, Failure to obtain this funding will result in the need to reduce the level of service offered by the Municipal Railway; and

"WHEREAS, This Commission has conducted a public hearing at which testimony was received concerning proposed fare schedules as required by Section 3.598 of the Charter of the City and County of San Francisco; and

"WHEREAS, As a result of this testimony, this Commission desires that any increase in fares be structured to minimize the impact on current ridership; now,

SUPPORTING HR 4 URGING THE STATE AUDITOR GENERAL TO INITIATE A MANAGEMENT AUDIT OF PACIFIC GAS AND ELECTRIC COMPANY AND REQUESTING THE PUC TO ROLL BACK GAS AND ELECTRIC RATES TO THOSE PREVAILING PRIOR TO INCREASES EFFECTUATED ON OR AFTER JANUARY 1, 1982 UNTIL SUCH TIME AS THE AUDITOR GENERAL'S INVESTIGATION IS COMPLETED.

WHEREAS, The PUC has increased gas and electric rates by unprecedented amounts since the beginning of 1982; and

WHEREAS, The magnitude of such increases have imposed tremendous financial burdens on San Francisco ratepayers, particularly working men and women of moderate means, senior citizens and others of limited means and fixed incomes; and

WHEREAS, These utility rates have come at a time when fuel costs have been stable and, in some instances, in decline; and

WHEREAS, There have been allegations of gross miscalculations and mismanagement at Pacific Gas and Electric Company resulting in these increased burdens and added uncertainties for ratepayers; now, therefore, be it

RESOLVED, That the San Francisco Board of Supervisors does hereby support HR4 urging the Auditor General to undertake immediately a management audit of Pacific Gas and Electric Company; and, be it

FURTHER RESOLVED, That this Board also supports HR 4's request that the State Public Utilities Commission suspend all electric and gas rate increases effectuated after January 1, 1982 and to reinstate that rate structure in effect as of that date until the Auditor General can complete a management investigation of Pacific Gas and Electric Company; and, be it

WHEREAS, The dismissal of various State civil service employees during the wartime years of World War II was based largely on fear and suspicion rather than on factual proof of their disloyalty; and

WHEREAS, Various dismissals resulted directly from the enactment of Senate Concurrent Resolution 15 adopted in 1942 which called into question the loyalty of State civil service employees, particularly those with dual citizenship as well as children of parents with dual citizenship and requested the State Personnel Board to dismiss those persons from or prevent them from obtaining State civil service employment based upon their disloyalty; and

WHEREAS, It is fair and just that reparations should be made to those employees who were terminated from State civil service during the wartime years as a result of the enactment of SCR 15; and

WHEREAS, Equity and fairness would be served by authorizing the filing of claims with the State for salary losses suffered during the wartime years of World War II by those civil service employees directly affected by the enactment of SCR 15 and authorizing payment thereof; now, therefore, be it

RESOLVED, That the San Francisco Board of Supervisors does hereby support AB 2710 which authorizes the filing of claims and the appropriation of necessary monies to cover such claims for reparations of salary losses suffered during the years of 1942 to 1947 by State civil service employees whose dismissals during those years are determined to have resulted from the enactment of SCR 15; and, be it

RESOLUTION NO. 120-82

MEMORIALIZING THE CALIFORNIA STATE LEGISLATURE TO SUBMIT TO THE VOTERS A CALIFORNIA CONSTITUTIONAL AMENDMENT WHICH WOULD ALLOW ANY CITY AND COUNTY TO REQUIRE ITS EMPLOYEES TO LIVE IN THE CITY

WHEREAS, The rainstorms of the week of January 4, 1982 created great flooding and mudslides in the counties immediately surrounding San Francisco and served to close access routes to the City, including the Golden Gate Bridge; and

WHEREAS, Many San Francisco City policemen, firemen and other public employees residing in Marin and Sonoma Counties were unable to enter the City because of the conditions created by the storm and were therefore unable to discharge the duties of their jobs; and

WHEREAS, This Board has repeatedly demonstrated its commitment to the principle that local jurisdictions should have discretion to decide whether to require residency requirements for public employees beginning with its own adoption of Ordinances No. 204-71, No. 290-71 and No. 400-73, setting forth certain residency requirements for San Francisco City and County employees and applicants for such employment; and

WHEREAS, In Ector v City of Torrance, 10 C 3rd 192 (1973) the California State Supreme Court held that the Legislature could not prohibit charter cities from requiring their employees to be residents; and

WHEREAS, The California Legislature sought to overturn this decision by introducing ACA 103 which proposed to place before the voters of California an amendment to the California State Constitution providing that a city or county may not require that its employees be residents of said city and/or county; and

WHEREAS, This Board of Supervisors adopted Resolution 379-74 opposing enactment of ACA 103; and

WHEREAS, Notwithstanding this Board's opposition and the almost unanimous opposition of the other California County Boards of Supervisors and California City Councils, the State Legislature, including four members of San Francisco's six-member delegation, acted to approve placement of such proposed constitutional amendment before the voters of California with this measure being designated as Proposition 5 on the November, 1974 State ballot; and

WHEREAS, This Board then adopted Resolution No. 746-74 expressing its opposition to State Proposition 5, the State Constitutional amendment prohibiting cities and counties from requiring employees to be residents; and

WHEREAS, Despite this Board's opposition and the 2 to 1 negative vote of the San Francisco electorate, State Proposition 5 was enacted in the 1974 election thereby repealing San Francisco's residency requirements; and

WHEREAS, This Board adopted Resolution No. 288-75 recommending that the San Francisco delegation in the State Legislature seek legislation to repeal Proposition 5 and restore to local governing bodies the authority to establish residency as a bona fide condition of prospective employment; and

WHEREAS, Thereafter the United States Supreme Court, in McCarthy v. Philadelphia, held that residency requirements for public employees were constitutional under the United States Constitution; and

WHEREAS, In Resolution No. 231-76, this Board of Supervisors again urged the placement of a constitutional amendment on the State ballot to permit chartered cities the option of prescribing residency standards for their public employees; and

WHEREAS, In Resolution 579-76, this Board requested the League of California Cities to sponsor such a constitutional amendment; and

WHEREAS, In Resolution No. 835-76, this Board of Supervisors again urged the State Legislature to submit a constitutional amendment

BOARD OF SUPERVISORS

guaranteeing chartered cities power to decide for themselves whether city employees should be residents; and

WHEREAS, In Resolution No. 908-79 this Board memorialized the State Legislature to place a constitutional amendment on the ballot to permit a chartered city and county the ability to enact residency requirements for city employees; and

WHEREAS, Current State law, as provided for in Article XI, Section 10(b) of the Constitution of California still denies local jurisdictions from employing discretion with regards to establishing residency requirements for its public employees; now, therefore, be it

RESOLVED, That the San Francisco Board of Supervisors does once again hereby urge the San Francisco State legislative delegation to draft an appropriate constitutional amendment to amend Article XI, Section 10(b) of the Constitution of California so as to enable chartered cities and counties to enact residency requirements for their public employees and does urge the State Legislature to submit said constitutional amendment to the people of California so that the voters might once again have the opportunity to vote on this issue; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to Her Honor, the Mayor, for immediate transmittal to our delegation in the California Legislature along with a request that they make every effort to carry out the intent of this resolution.

[State Legislation]

SUPPORTING SJR 27 WHICH SEEKS A BAN ON THE RESUMPTION OF OCEAN DUMPING OF RADIOACTIVE WASTES OFF THE SHORES OF CALIFORNIA AND ITS COASTAL CITIES AND COUNTIES.

WHEREAS, Between the years of 1946-68 the United States government disposed over 50,000 barrels of radioactive wastes in the ocean off the shores of the Farallon Islands with the result that years later these barrels were found to be breached and leaking their radioactive contents into the marine environment; and

WHEREAS, In 1946 the U.S. Navy dumped large quantities of chemical acids and rinse water into the San Francisco Bay in an effort to decontaminate ships used as targets and support vessels in the Bikini nuclear bomb tests held that same year; and

WHEREAS, Such ships were treated at Mare Island, Hunters Point and Treasure Island, and such treatment efforts contaminated San Francisco Bay waters to an unknown extent; and

WHEREAS, Betwen 1948 and 1951 eleven U.S. Navy ships contaminated by the Bikini nuclear tests were later scuttled off the coasts of California, Washington and Mexico, many sinking in waters adjacent to migrating fish routes; and

WHEREAS, One of these scuttlings reportedly took place on January 27, 1951 when the aircraft carrier USS Independence, veteran of two of the 1946 Bikini nuclear explosions, was sunk 35 miles due west of San Francisco after having been docked for five years (1946-1951) at Hunters Point where it was used as a barracks ship without having undergone decontamination; and

WHEREAS, The long term consequences and health effects of these various disposal, decontamination, scuttling and docking operations are unknown because of a lack of adequate monitoring and scientific studies required to make such an assessment; and

WHEREAS, Noting the many unknowns regarding the impacts of radioactive pollutants on the marine environment and their possible entry into and effects on the human food chain, the United State Environmental Protection Agency, pursuant to the Marine Protection Research and Sanctuaries Act of 1972 (32 U.S.C. 1401) adopted its 1973 regulations and criteria to prohibit ocean disposal of radioactive wastes in U.S. territorial waters; and

WHEREAS, After 10 years the EPA has now announced that it intends "a major shift in EPA ocean dumping policy towards making ocean dumping a viable option for waste disposal in the integrated waste management strategy toward which EPA is moving"; and

WHEREAS, To this end, the EPA has begun preparation of regulations to end the current moratorium on ocean dumping of radioactive wastes with a preliminary "Draft" of such proposed regulations having been published on September 21, 1981 (See E.P.A. 40CFR Parts 220-229, "Ocean Dumping: Revision of Regulations and Criteria"), but still undergoing revision; and

WHEREAS, The U.S. Department of the Navy has announced its intent to consider deep ocean burial as a means of permanently disposing its fleet of decommissioned nuclear submarines and to this end has caused to be printed in the January 14, 1982 Federal Register the required "Intent to Prepare a Draft Environmental Impact Statement"; and

WHEREAS, The Navy has stated that the Pacific Ocean area currently being subjected to study as a possible disposal site is located 160 nautical miles southwest of Cape Mendocino, California; and

WHEREAS, The United States Department of Energy is simultaneously developing the option of seabed disposal of radioactive wastes; and

WHEREAS, The Japanese government is considering plans to dump more than 100,000 curies of radioactive waste into the Pacific Ocean off the coast of the U.S. trust territory of Micronesia; and

WHEREAS, The protection of the waters of the Pacific Ocean is vital to California's fishing and tourist industry and to the health and safety of its citizens; and

WHEREAS, SJR No. 27, introduced by Senators Keene and Marks and coauthored by Assemblyman Bosco, requests 1) that the Congress and the President of the United States ban all radioactive waste disposal in state and federal ocean waters off the shore of California until and unless future valid and reliable scientific studies prove it is safe; 2) that the EPA and other federal agencies provide regular monitoring of the existing dump sites around the Farallon Islands and other California sites to determine their effects on marine life; 3) that the California Department of Health Services work with other state and federal agencies to perform the monitoring and make periodic reports to the Legislature; and 4) that the EPA provide advance notice and hold public hearings on the Pacific Coast on any proposed changes in its ocean dumping regulations; now, therefore, be it

RESOLVED That the San Francisco Board of Supervisors in the interest of protecting San Francisco's bay and coastal waters endorse SJR 27; and, be it

FURTHER RESOLVED, That the Clerk is hereby directed to transmit immediately a copy of this resolution to her Honor, the Mayor, with the request that she transmit it with all due speed to San Francisco's Legislative Advocate in Sacramento and to members of the San Francisco delegation in the State Senate and Assembly so that its intent can be effectuated at the earliest possible date.
